Engineering for life

CAD / REVIT TECHNICIAN

About the Role

We are seeking a skilled and detail-oriented CAD / Revit Technician to support the production and coordination of technical drawings and models across a range of projects. The successful candidate will play a key role in developing accurate design documentation and ensuring high standards of delivery.

A bit about us

- DSA is a leading engineering consultancy specialising in structural design, civil engineering, and project delivery for a wide range of sectors including commercial, residential, educational, healthcare, and infrastructure.
- We pride ourselves on delivering innovative, sustainable, and economical solutions for our clients.
- Our team values collaboration, technical excellence, and continuous professional development.

Key responsibilities

- Produce detailed CAD drawings and Revit models in line with project requirements
- Assist in the preparation of planning, tender, and construction packages
- Coordinate drawing information with architects, consultants, and contractors
- Maintain and develop BIM standards and drawing protocols
- Ensure accuracy, quality, and consistency across all technical documentation
- Support project teams to meet deadlines and programme milestones

Qualifications and skills

- Proficiency in AutoCAD and Revit (essential)
- Strong understanding of UK Building Regulations and construction detailing
- Experience working within an architectural or design practice
- Good knowledge of BIM processes and standards
- Strong attention to detail and organisational skills
- Ability to work independently and as part of a team
- Excellent communication skills

What we offer

- Competitive salary and benefits package.
- Flexible working arrangements and a supportive, inclusive culture.
- Opportunity to work on iconic projects with a collaborative multidisciplinary team.
- Access to latest software tools and technology, with ongoing training.

Apply today to find out how DSA can help you make civil and structural design engineering a bigger part of your life.
